

## How to Add Drivers in the CameraMatics Safety Center

1. Click on Safety Center:

2. Click on the '3 dots' menu in the top right of the screen.

3. Click on 'Drivers':

4. Click '+ Add Drivers':

## 5. Add the driver details:

E3 Driver Details							
First Name	Jay	Email	jjones@icee.com				
Last Name	Jones	Username	jjones				
Driver License No.	123456		······				
Company Name	ICEE		O Active	Inactive			
Fleet Manager	Frank Cassidy		ICEE				
	and the second second					SAVE CANCEL	

If the driver doesn't have an email address, just use a fake one. Remember, the email address is how the driver can reset his/her password, in the event they forget it ... so use a real one if possible.

• Create a username and password

• Remember the user name and password that you create – you need to provide this to the driver so he/she can login via the SafeDriver App.

- Password is case sensitive
- Click 'Save'

6.	The driver	has now been	added and w	ill be visible c	on the 'Drivers' page
<u> </u>
